Brownsville Elite Marketing Rebranded

Brownsville Elite Marketing Inc. of Brownsville, Texas rebranded on July 16, 2018. The decision to do this was made by the company's CEO and Founder Sandra Espinoza. Her goal was to give the company a fresh image that embodied what her company has become over the last several years. She's hoping that this new change will help her business stand out in the Brownsville, Texas community and become more inviting to future team members.

Founded roughly three years ago, Brownsville Elite Marketing began as a local retail marketing firm. BEM functions as a third party company that represents fortune 500 clients in local retail store environments. The company has grown rapidly over the last year and is looking forward to more community involvement.

CEO and Founder, Sandra Espinoza plans Brownsville Elite Marketing's next charity event.
